Notice to all Exporters of Goods and Merchandise.

BY ORDER OF THE GOVERNMENT of his Majesty, the King of the Hawaiian Islands, the undersigned hereby notifies all Exporters of Goods and Merchandise to that Kingdom, that the Import duty thereon will be calculated and levied on their Invoice value, as MANIFESTED to the Custom-House at the Port of shipment, less the precise amount of the increase in the Invoice value of said Goods and Merchandise arising from the depreciation of the currency at the date of said Invoice, but that no reduction of duties whatever will be allowed, unless the Invoices, as presented for clearance at the Custom-House, be accompanied with a Certificate under the Seal and Signature of the undersigned, stating the per-centage of the increase in the value of said Invoices at the time of their date arising from the depreciation of the currency, as aforesaid.

The undersigned, on proof that the Invoices are calculated in depreciated currency, and of the percentage of that increase arising from that depreciation, is authorized to issue Certificates of the same, on presentation of the Invoices, to all applicants, they paying the usual fee of five dollars for each Certificate.

St. Ann's School

FOR

YOUNG LADIES!

VIEW STREET, VICTORIA,

THIS INSTITUTION IS CONDUCTED by the Sisters of St. Ann. The discipline of the School is mild, but firm and regular; strict attention to its regulations required at all times. The emulation of the pupils will be excited by every gentle means, and their success rewarded by an annual distribution of premiums, previous to the Vacation, which will commence July 15th. The Scholastic year will open on the first of September.

Difference of religion is no obstacle to admission into the institution, but whilst pupils are left without any interference to follow their own profession, good order requires that they should conform to the general regulations of the establishment.

Parents may rest assured that every necessary attention will be paid to the comfort of pupils, whilst the utmost care will be taken to nourish in their minds those principles of virtue and morality which alone can make education profitable.

UNIFORM.

The uniform consists of a white muslin dress, and one of light blue merino for summer, and a dark blue dress for winter, with capes of the same material; a straw bonnet trimmed with light blue, and one trimmed with dark blue. The uniform is obligatory only on Sundays and festivals. Each pupil must be provided with six changes of under-clothing.

THE SYSTEM OF EDUCATION

Comprises Orthography, Reading, Writing, Arithmetic, Grammar, Geography, and the use of the Globes, History, Botany, Natural Philosophy, Composition, French Music, Drawing, Painting, Plain and Fancy Needlework, in all its variety.

TERMS:

Board and Tuition per Quarter			$60 00

Drawing	"	"	6 00
Painting	"	"	9 00
Day Scholars, First Class		"	14 00
" " 2d Class		"	9 00

OBSERVATIONS.

1. No pupils will be received without paying quarterly in advance, and should a pupil be withdrawn before the expiration of the quarter, no reduction will be made for the remaining time, or for a partial absence from School.
2. The pupils receive no visits, except on Saturdays.
3. Every year there is Vacation of six weeks; the pupils who desire to do so can pass this time at the Convent. au26 tf

ENGLISH PARLIAMENT.

The English Parliamentary Session of 1863 is remarkable for almost total absence of stormy debate. Some slight sparring there was upon one or two occasions, but there has been no great party question to divide the House. Ministers appear to have held their places upon sufferance, and we can hardly expect to witness a similar state of affairs next session. The octogenarian Premier, who seems to lead not only his own party, but the whole House of Commons, cannot last for ever. It seems to be acknowledged that Lord Palmerston is visibly older, and that time is slowly but perceptibly showing its influence upon that physical energy of thought for which he is remarkable. The question of his successor in the Liberal leadership, is one which, since the death of Sir G. Cornwall Lewis, has caused some anxiety amongst the Whigs. Mr. Gladstone is recognized as heir apparent to the leadership of the House of Commons on the present Ministerial side of the House; but he does not seem to possess the necessary tact to fulfil that important position with success. On a few occasions during the past session being left as leader in the absence of his chief, he had signally failed, and although his great ability and magnificent mental power is appreciated by all educated men, Mr. Gladstone has not advanced in popularity or influence with the House of Commons.

The absence of a leader enjoying the confidence of the various sections of the Liberal party would open a way for the accession of the Tory party to office; an opportunity which, under the altered circumstances which the removal of the present Premier from the scene of action would occasion, they would probably not be slow to take advantage of. Upon the health and activity of Lord Palmerston then depends in great measure the continuance of the present government in power.

It is a matter of some moment to this colony who shall reign supreme at the Colonial Office. The accession of Sir Bulwer Lytton, Sir J. Pakington, or Mr. Seymour Fitzgerald to that post would have a material effect upon colonial policy. Any changes that are to be made in our Government will, it is to hoped, be made before such an event occurs. In the present state of England's relations with foreign powers, who can say that Lord Malmesbury at the head of the Foreign Office would steer clear of war? The general opinion seems to be, in political circles, that unless the Emperor of Russia shrinks at last from the risk of collision, the balance of probabilities is in favor of an European war.

Let who will be in power, we trust that war will not be brought amongst us, on this side of the Pacific.

PUBLIC AMUSEMENTS.

The gathering clouds and diminished length of twilight reminds us that winter is approaching, and already our streets are assuming a somewhat more animated appearance than they presented in the height of summer. Every week brings fresh arrivals from the mines, and as there is no such season as autumn in the Cariboo district, we must expect to see all those who do not intend to winter there, amongst us in another month or six weeks. We trust, and we expect, that many will come down from the mines with the intention of wintering in Victoria. Some will seek employment, some will need amusement. It is to the latter that we beg to call the attention of our citizens just now. There is no reason whatever that Victoria should not be made as attractive a place of residence for the winter season, as any other town on the Pacific coast. With the solitar exception of Victoria being a colder climate than San Francisco, there is every natural advantage in our favor. A little more energy on the part of our citizens in promoting social and seasonable amusements and recreations than was manifested last winter, is one thing that is required. The miners who have money to spend, and who desire to enjoy themselves will find a way to spend it, and will it not be for the good of trade, and to the benefit of our commercial population generally, that rational means of enjoyment should so far as possible be provided for our winter visitors? We all know how much the prosperity of the trade of London during what is called *par excellence* "the season" depends upon the gaiety of that season. In a time of national mourning, such as was that of 1862, the greatest depression exists in every branch of trade in the great metropolis. Stagnation in one branch produces a similar result in others, whereas as a long and gay season like that which, commencing with the royal marriage in the beginning of March and terminating at the end of July, produces just the contrary effect, and we find that every branch of internal trade, not only in London, but throughout the whole of England has been visibly affected by the gaities of the London season, coupled with the rejoicings that took place generally all over the kingdom early in the season.

In a proportionately greater manner will the trade of Victoria be affected by a gay or a dull winter. Last year, although there was a considerable buoyancy in trade at the commencement of the winter season, it seemed to relapse into stagnation in the month of January. The general complaint last year was that Victoria was wretchedly dull, it ought not to be so this year. If public places of amusement are more promoted and encouraged we shall keep more of those who have money to spend amongst us. Our season has commenced early we are bound to say with success. The talented company who made their debut at the Victoria Theatre on Monday night, must have gratified all who have witnessed their two performances. We are glad also to see that some of our old theatrical friends have arrived.

In older countries, as the days shorten and the long nights are before us, all seem naturally to think of the amusements winter brings in its train and, however much we sighed over the departing beauty of summer with its brightening suns, still there was much comfort in the prospect of the social gatherings, whether for dance or song; and the more intellectual public meetings where we listened to eloquent lectures on science, history, and sometimes mesmerism, or its more mysterious accompaniments electro-biology and spirit-rapping. Every Englishman exiled by circumstances or necessity, seeks to make the home of his adoption as like the one of the past as his position will permit. To a slight degree we endeavor to follow out this compliment to old days in our city of Victoria; but surely not to the extent that we desire. Many lay the blame of this deficiency to the fact of our being a Colony of all nations: that in such a case, it is impossible we can understand and appreciate our individual national tastes, but this is not the case if fairly argued, let each contribute to the amusement of all, and success will crown every effort. The Englishman with the innate love of the Drama, peculiar to his country, might, with little effort and much pleasure to himself quickly reorganize a first-rate amateur company, and give his share to this laudable undertaking; we have seen how well-fitted some of our townsmen are for such an undertaking, and have not a doubt in asserting that there are many others ready and well-fitted to support them. The sweet songs of the "Fatherland" we can never listen to too often; and is there not a German Sing Verein Club, who have made us wish that fatigue to them was as unknown as weariness was a stranger to us whilst listening to their charming melodies. The French, with their unrivalled taste in the fine arts, might give much gratification by opening the Theatre occasionally for operatic or dramatic performances, which would certainly prove attractive. And as regards our "go a-head" neighbors, it would be almost presumption to dictate what an American could not do that would fail to gratify an audience of all nations. Illustrated scientific lectures would be peculiarly suitable and interesting to all grades, and both young and old, man or woman, would spend a pleasant and instructive evening listening to an eloquent scientific man. There are several of this class who, we doubt not, could be prevailed upon to cater for the public amusement occasionally. In one thing, Victoria is far behind other towns of her size and importance, we have no club, this ought at once to be remedied. There is ample scope for the establishment of a good club here, and we believe that it would be well supported. Men who are wintering amongst us without any regular occupation must have some place of resort; what better lounge can be provided than a comfortable club-room.

We believe there is no other place in any quarter of the globe where there are so many English and Americans congregated without a club.

THE BRITISH COLONIST

Wednesday Morning, Sept. 23, 1863.

Cricket.

The match between eleven of the fleet with Esquimalt players, and eleven of Victoria, took place on Beacon Hill yesterday, the day being magnificent and the ground in fair order after the recent rain.

The Victorians lost the toss, and were first placed at the wickets. Messrs. Howlett and Hensley batted remarkably well making a capital score. The naval eleven also batted well in both innings, but the bowling of Messrs. Yardley and Howlet proved too good for them and they were beaten in one innings with 16 runs to spare. The fielding on the Victoria side was excellent, while that of the fleet was good considering the little practice they have had.

Many people visited the ground during the day. At about 2 o'clock the players partook of an excellent cold collation provided by the *ne plus ultra* of purveyors, Mrs. R. J. McDonnell. Considerable amusement was afforded between the innings, by scratch horse racing.

The following is the score:

The Pound Law and its Opponents.

EDITOR BRITISH COLONIST.—As Editors are supposed to know everything, can you enlighten me as to who the opponents (in the back-ground) of a Pound-Law are. The cattle in the outskirts of Victoria are, the greatest nuisance at this season of the year. All the swamps and usual supplies of water are dried up, and their owners are too lazy or too penurious to supply them on their own premises. The cattle are driven nearly crazy for want of such an indispensible supply, and unless your fence is of the strongest and best description, your garden and premises are liable to invasion by a miserable lot of starved brutes, apparently not valuable enough to their owners to be properly provided for, and to which no garbage comes amiss. Filthy straw from dirty chicken's nests, potato and pea haulms, the contents of swill barrels, and other truck that only pigs or goats would be supposed to eat, is greedily consumed. But water seems to be their great want.

If a proper pound-law is passed, and some resident who *already has a means of subsistence*, is selected for pound matter it should be no expense to the revenue.

Yours, obediently,
A SUFFERER.

VICTORIA THEATRE.—There was another crowded house last night to witness the second performance of the Marsh troupe, and the audience were not less lavish of their approbation than on the opening night. The performance commenced with the beautiful spectacular drama of the Naiad Queen, or the Fairies of the Rhine, comprising a very large caste of Mortals, Immortals and Demons. This piece throughout was sustained with remarkable spirit, and the various tableaux had a highly picturesque effect. We were surprised to witness the dexterity with which the *fair* body guard of the Queen of the Naiads went through sundry military evolutions. Their marching, countermarching, and wheeling, would have put to the blush many a volunteer corps, which we have seen under arms. Master Marsh as Schnapps was very entertaining, and the Demon of the Rhine (a difficult *role*) was ably personated by Mr. Louis Aldrich. Sir Rupert, Lurline and Idex were skillfully played by the Misses Gourlay, Hattie Johnson and Jeannie Arnott. The dancing between the pieces, met with loud applause and an *encore* was vociferously demanded in Miss Selma's song of "the Captain with the whiskers." This young lady created much ammusement by pointing to one of the boxes containing several hirsute gentlemen who in order to hide their blushes were compelled to draw the curtains. The farce of Betsy Baker excited great laughter. Master George signalizing himself as on the previous evening, and being well acted up to by the other characters.

NEW STRIKE ON WILLIAMS CREEK.—We are informed that the latest strike of any magnitude on Williams Creek has been made by Capt. Erskin's Lewis Co. This claim was taken up last fall, and abandoned about the 1st August. It is situated on the west side of the creek, and runs into the hill opposite the Mozier Company, immediately below the Cariboo Company. The Erskin Company sunk a shaft, and drifted 35 feet in the hill; but finding the bed-rock still rising, they gave up their ground, and sold their shaft to a company of eight, called the Watson Company, for $200. They drifted about twelve feet and struck the original creek channel and main lead, with prospects as heavy as and on the creek, and when the channel is fairly opened, it is thought that it will prove one of the best claims on the creek, as it cuts the lead off from the Cariboo, Mozier, and Lillooet companies. John Cox, a worthy old "forty-niner," is one of the lucky members of the company.

BLOWING A WHISTLE.—As many people have been at a loss to know whence proceeded the shrill whistle heard at different times throughout yesterday and Monday, we can set the matter at rest by stating that Messrs Spratt & Kreimler have fixed up a steam whistle at their foundry, to answer the purpose of a bell, which will blow at the following hours. ¼ to 7 a. m., 7 a. m., 12 noon, ¼ to 1 p. m., 1 p. m. and 6 p. m. This whistle can be distinguished from those used by the steamers from its shrillness.

FIRE DEPARTMENT.—The election of a Chief and Assistant Engineer for the Fire Department for the ensuing year will be held at the Union Hook and Ladder House on the 3d of October at 10 o'clock, a. m.

LOADING IN LONDON.—The clipper ship Speedwell, 900 tons burthen, belonging to the London Line of Packets, was loading at last dates.

☞ His Excellency, the Governor, did not leave on the Enterprise yesterday for New Westminster. He will go, we understand, on Friday.

FROM OLYMPIA.—The steamer Enterprise arrived yesterday morning from Olympia and way-ports with a few passengers and 30 head of cattle.

FOR NEW WESTMINSTER.—The steamer Enterprise left yesterday morning with passengers and freight for New Westminster.

BOARD OF DELEGATES.—A meeting of this body was held last night, but not having a quorum, it was adjourned till this evening.

☞ C. R. B.'s letter on Comax is unavoidably held over.

HOUSE OF ASSEMBLY.

TUESDAY, September 22nd, 1863.

House met at 3:15 p. m. Members present—Messrs. Young, Ridge, Street, Duncan, Pidwell, De Cosmos, Bayley, Powell, Trimble, Carswell.

The speaker read a message from His Excellency, sending down certain correspondence between the Imperial Secretary of State and himself in regard to the Executive and Legislative Councils.

BREACH OF PRIVILEGE.

Mr. Young called the attention of the House to something which he said was very like a breach of privilege on the part of one of the public journals of the city. He alluded to the Victoria *Chronicle*, from which he read an extract commenting on Mr. Pemberton's letter about the dredging machine, and stating that among other things which could be made much cheaper at home, the Surveyor General had ordered *two wooden scows* (!) to be sent out. Mr. Young said that the statements were totally incorrect, and he denied them in the most emphatic manner. The Government cared nothing whatever about the opinions expressed in the article alluded to, but he considered it only just to his constituents to give a public denial to the statements made.

PUBLIC EXPENDITURE.

Mr. Pidwell gave notice that at next meeting of the House he would move for a committee to examine into the public expenditure.

MAIL SERVICE.

Mr. Pidwell also gave notice that he would move for an address to his Excellency requesting him to issue a call for tenders for the conveyance of the mails between Victoria and Chemainos, Salt Spring Island, Nanaimo and Comax.

PROBATE COURT.

Mr. Duncan gave notice that he would move for a committee to inquire into the present state of the Probate Court.

PRINCE OF WALES ADDRESS.

The Speaker read a copy of the address to the Prince of Wales, which was assented to.

EDUCATION.

Mr. Duncan introduced his motion for a committee on education. He said a proper system of schools was much wanted in the Colony, and also a provision for an increase of population; he complained of the want of means of education in Comax, Lake and other districts.

Mr. Street seconded, remarking briefly on the great want of schools and teachers; he acknowledged the value of His Excellency's grant, but did not think it obviated the necessity of a Committee. Motion carried unanimously. Committee, Messrs. Duncan, Street, Tolmie, Powell and Carswell.

WITHDRAWN.

Mr. Ridge asked leave to withdraw his motion for an amendment to the Alien Act, as he found that that Act was so constructed that he could not make any alteration without destroying the meaning.

PILOT BILL.

Mr. DeCosmos asked leave to bring in a Bill for the Establishment of Pilots for the Port of Victoria, &c. He urged the necessity for the Act, and said that his constituents were unanimously in favor of it. The object of the Bill was to make pilotage compulsory; certain coasting vessels would be exempted, but all foreign vessels over a given tonnage would be compelled to take a pilot or pay half-pilotage. The Bill would also provide for the appointment of commissioners, who would have power to make by-laws on the subject, to be laid before the Governor in Council. He did not wish to pass an elaborate bill, as it was unnecessary here.

Mr Young seconded the motion, saying he fully concurred with what had fallen from the hon. member. Carried unanimously.

WRITS OF CAPIAS.

Mr. Young asked leave to bring in a Bill to restrain writs of capias, &c. He thought that the law as it at present existed required amendment, and that persons should not after coming here to take passage by the steamer, be seized and thrown into our prisons. (hear, hear) He cited the case of the Collector of Port Angelos as in point.

Seconded by Mr. Duncan and passed.

FIREMEN'S PROTECTION ACT.

Mr. DeCosmos asked leave to bring in a Bill to alter and amend the Fireman's Protection Act. There were two points in this matter which required legislation; first the Fire Department wished to be transferred from the control of the Colony to that of the Corporation, and also their engines and other property Second, the exemption of active firemen from jury duty.

Seconded by Dr. Powell and granted.

COWICHAN AND COMAX.

Mr. DeCosmos asked leave to bring in a Bill to enable Cowichan and Comax to send a Representative to the House of Assembly. He said the object of this Bill was to enfranchise these two districts. The first would comprise Shawnigan, Cowichan, Comiekan, Quamichan and Somenos, to be known the electoral district of Cowichan, and to send one member. The Comax district would extend from Qualicum, 10 miles below the settlement, to Cape Mudge, forming a block of 50 miles on the coast, by 30 or 40 miles back, also to send one member.

Seconded by Mr. Ridge, and granted.

BARRISTERS, ETC.

Mr. DeCosmos asked leave to bring in a Bill entitled an Act respecting Barristers and Attorney's-at-Law. He said the object of Bill was to allow Colonial Barristers and Attorneys to practice in the courts of this colony.

Seconded by Mr. Young, and leave granted.

STAMP ACT.

Mr. DeCosmos asked leave to bring in a Bill to repeal the Vancouver Island Stamp Act of 1862. It was desirable that the transfer of property should be made as simple as possible, but this Act was calculated to hamper business, and to introduce litigation, which would be disastrous to the prosperity of the country. He had some reluctance in interfering with Bills of last session, but this Act had never been put into operation, and as it had been shown that the revenue of the past six months exceeded the preceding six by $31,000, that was a good reason that such a Bill was not necessary.

Mr. Ridge had great pleasure in seconding the motion. He did not think the Stamp Act would increase the revenue; it was contrary to the spirit of legislation in England where there was an inclination to do away with it.

Leave granted.

REPORTERS' GALLERY.

Mr. De Cosmos, as chairman of the committee appointed to make suitable accommodation for the reporters, read the report of the committee. It was recommended to erect a gallery above and behind the Speaker's chair, a plan of which, by Messrs. Wright & Sanders, architects, was submitted, which could be erected at a cost of $100; it was proposed to postpone the erection, however, till the vacation of the Assembly Rooms by the Supreme Court, when other improvements and repairs which were necessary could also be made.

The House then adjourned till Wednesday, [to day] at 3 p. m.

That Memorial.

We copy the following correspondence from the the *Express* of yesterday:

[COPY.]

VICTORIA, Vancouver Island,
September 19th, 1863,

May it please your Excellency:

We have the honor, on behalf of the inhabitants of Vancouver Island, to present to your Excellency the enclosed memorial (or rather address), with the respectful request that your Excellency will be pleased to transmit it to the Duke of Newcastle, her Majesty's Principal Secretray of State for the Colonies.

Your Excellency will perceive that the signatures appended represent the wealth and intelligence of the Island. None but representative names have been sought, and amongst these your Excellency will find all the bankers, leading merchants (with the exception of one or two), and professional gentlemen.

We know that your Excellency will value highly the views of the gentlemen who signed the enclosed memorial, and that you will place a high estimate upon this deserved tribute of respect, coming as it does from those whose position, wealth and intelligence entitle them to represent the opinions of Vancouver Island.

We beg also respectfully to request your Excellency to transmit a copy of this letter, with the memorial, to his Grace the Duke of Newcastle.

We have the honor to be,
Your Excellency's
Humble and obedient servants,
(Signed) JAMES DICKSON,
SELIM FRANKLIN.

To his Excellency Governor Douglas, C.B.

[COPY.]

VICTORIA, 19th Sept., 1863.

GENTLEMEN:—I have the honour to acknowledge the receipt of your letter of yesterday's date; inclosing for transmission to His Grace the Duke of Newcastle, Her Majesty's principal Secretary of State for the Colonies, a memorial, signed by many inhabitants of Vancouver Island expressive of their appreciation of my services whilst administering the Government of this Colony.

I beg you will acquaint the signers of that memorial that I shall forward the same at an early date to the Secretary of State in compliance with their desire.

I also beg that you will convey to the signers of the memorial, my sincere thanks for so flattering and spontaneous an expression of opinion in respect of the past and present value of my public services. So far as any further public connection with these Colonies is concerned my mind has been long made up; and the Secretary of State is aware of my feelings upon the subject. I have, also, every reason to believe that the arrangements of Her Majesty's Government in this respect are completed, and that within a few months I shall be relieved in the administration of the Government.

Upon retiring into private life, it will always be a source of satisfaction to me to view this memorial as substantial evidence that I have not been unmindful of the high trust reposed in me by my Sovereign, and that I carry with me the respect and good wishes of my fellow subjects.

I have the honor to be,
Gentlemen,
Your obedient servant,
Signed JAMES DOUGLAS.

THE LEGISLATIVE AND EXECUTIVE COUNCILS.

The following correspondence between the Duke of Newcastle and His Excellency on the above subject, has been laid before the House:

Governor Douglas to the Duke of Newcastle.

VICTORIA, 31st May, 1862.

NO. 31—LEGISLATIVE.

MY LORD DUKE—I would desire to address your Grace upon the subject of the Constitution of the Council established for Vancouver Island under Her Majesty's commission and instructions addressed to me as Governor of the Colony.

2. At the time that Council was constituted the circumstances of the colony differed materially from those of the present day. Then there were no principal executive officers attached to the Government, and the Council was necessarily entirely composed of private individuals, holding no office under the Government. Now, however, I have around me certain principal officers of the Government who should, *ex officio*, form a distinct Executive Council. I have, however, no power to constitute them such, and were I to place them in the sole Council authorized by my instructions, it would (the Chief Justice already being a member of that council) reduce the unofficial members to two, and the people would then have just cause of complaint that their interests were inadequately represented in the Upper Legislative Body by unofficial members.

3. I would therefore submit to your Grace that the time has arrived when in this Colony two Councils should be formed—an Executive and a Legislative; the Executive to consist of the undermentioned officers:

The Colonial Secretary.
The Attorney General.
The Treasurer.
The Surveyor General.

The Legislative to consist of seven members, as at present, with not less than three unofficial members. The members of the Executive Council, if not in the House of Assembly as representatives of the people, to be eligible for appointment to the Legislative Council.

The official members of the Legislative Council to take precedency of the unofficial members, and the two classes amongst themselves to take precedency in the Council; the official according to the colonial rank of their office; the unofficial according to seniority of appointment.

4. I believe what I here propose is strictly according to the practice followed in other colonies similarly circumstanced to Vancouver Island at the present time, and I therefore apprehend the propriety of the arrangement will be so patent to your Grace that it is unnecessary for me to dwell upon it at greater length.

I have, etc.,
(Signed.) JAMES DOUGLAS.

THE DUKE OF NEWCASTLE TO GOVERNOR DOUGLAS, VANCOUVER ISLAND.

DOWNING STREET, April 14, 1863.

SIR,—In your despatch, No. 31, of the 30th May, 1862, you called my attention to the expediency in the advanced state of the Colony of Vancouver Island, of dividing the Council into two distinct bodies, and creating an Executive and Legislative Council.

I did not fail to give due consideration to your suggestion, and I took the necessary measures for the preparation of the instruments required for carrying that arrangement into effect.

I now transmit to you a supplementary commission and instructions which have been framed for that purpose. You will perceive that they bear date so far back as the 8th of October last. I had retained them while considering more general questions connected with the Constitution of your Government, but I will no longer delay the transmission of those instruments, the provisions of which will in nowise interfere with any subsequent changes which may be decided on.

I have, &c.,
(Signed) NEWCASTLE.

Governor Douglas, C. B.,
&c &c. &c.

Peace River and Cariboo.

FORT ALEXANDRIA, Aug. 24, '63.

EDITOR BRITISH COLONIST: Sir, Will you please insert the following, as its publicity may affect some of the friends of the unfortunate Donald Munro. [Our correspondents account of the finding and death of poor Munro corresponds in every particular with what has already appeared in our paper, otherwise we should with great pleasure give it publicity.—ED. COL.]

At present appearances are very much against any quantity of gold being found at Peace River. Most of the miners who went there this spring having returned and given a very indifferent account of its prospects. Black Jack also came down, and although he has again started for that destination, it is generally considered to have for his object less the discovery of gold, than the possession of a certain lovely amalgam, (anglice half breed nymph of the forest) living in the neighborhood of Fort St. John. On the other hand the various creeks falling into Peace River, cannot have been thoroughly examined and some few are prospecting the tributaries of the Parsnip, (connecting McLeod's Lake with Peace River. Nothing can therefore be definitely ascertained until these return.

New Creeks are much wanted in Cariboo. Williams Creek holds out well, but unless something new is struck, the quantity of goods now in the country will have such an overplus of supply compared to the demand, (at least such as can be profitably paid for) that merchants cannot expect otherwise than heavy loss.

Mr. Evans and his Welshmen are pitching in manfully at the now almost hopeless Lightning Creek, and many eyes are turned upon them as the last bulkhead against despair in that quarter. Some few claims are paying on Lowhie and Antler, but at present their effect on mercantile affairs is comparatively insignificant.

The fate of the long missing John Rose is now placed beyond a doubt. The Bear Lake Indians have again confessed to those at Fort George, that they had killed him and his partner for the sake of their provisions, and they attributed the subsequent visitation of the small pox as an avenging medicine from the white man's deity.

I remain, Yours obedtl'y,
JNO. SAUNDERS.

SICKNESS IN THE ARMY,

In the 8th Maine, 32d New York, 2d Rhode Island, 2d Maine, 2d Vermont, 9th New York, 3rd, 4th and 5th Pennsylvania, several Michigan, Indian, and Wisconsin regiments, Sickles Brigade, and over 100 other regiments, have acknowledged through their regimental surgeons and officers, that RADWAY'S READY RELIEF have scores of times saved the lives of soldiers when all other remedies failed. Sergeant C. P. Lord, of the 8th Maine, Dr. Tingley of Sickle's Brigade, and hundreds of others testify that Radway's Ready Relief, in every case were it has been used in the diseases incidental to exposure of climate, perfected cures where the surgeons of the regiments could do nothing. Let every soldier procure this remedy.

FOLLOW DISEASE TO ITS SOURCE.—Local disease cannot be cured merely by local treatment. For example:—No local application to the part affected will radically cure the piles. The habit of body, which is the *primary* case of the complaint, must be changed. For this purpose BRISTOL'S SUGAR-COATED PILLS, the finest vegetable alterative ever compounded, is the medicine to be used. Costiveness is almost invariably the immediate cause of this distressing disorder. This condition of the bowels is at once once changed by the action of the Pills. Indigestion and morbid action of the liver produce constipation. These, too, are swiftly remedied by this powerful vegetable agent, and the organs toned and regulated to a condition of perfect health. Thus are the symptoms and source of the disease removed together, and it is at an end for ever. It is the same with all the complaints which come within the remedial scope of this great alterative, cathartic, and antibilious medicine. They are put up in glass vials, and will keep in any climate. For sale at all the regular drug establishments.

IT REVOLUTIONIZES THE SYSTEM.—One of the grand marvels in medical science is the rapidity with which BRISTOL'S SARSAPARILLA recruits the strength of broken-down invalids. Experience alone can enable the sick to realize its effects in cases of general debility. No matter to what state of physical prostration the patient may have been reduced, Bristol's Sarsaparilla will recuperate him. Some physicians have suggested the injection of pure blood into the veins of the sick, but this potent restorative converts every drop of blood in the patient's body into a living tonic, capable of lending new strength to the muscles, the nerves, the stomach, and the whole animal machinery. Let no weakling despair of living to a good old age—for in this preparation exists a vital principle which will restore the strength of the feeblest. To be obtained of all druggists.

HOLLOWAYS OINTMENT AND PILLS.—The treatment pursued by Professor Holloway for the cure of wounds and ulcers is the most simple an certain in its effects, it has been tried by hundreds of thousands and never been known to fail; by the administration of an internal remedy (the Pills,) he drives disease out, and by the administration of an external remedy (the Ointment), he heals wounds, ulcers, and the worst of external disorders. By this celebrated treatment, also, bad legs and ulcers are cured, even when they have been upwards of twenty years standing

DR. HOSTETTER'S STOMACH BITTERS! —These Bitters are universally acknowledged to be a sure preventive and cure for Fever and Ague, Flatulence, Heaviness of the Stomach, or any other like affection. Their effect upon the system is most miraculous; they give a healthy tone to the system, relieve all morbid matter, and, in fact, thoroughly cleanse the system of all impurities. In no case has it been known to fail, but on the contrary, new virtues have been found in its use. To those afflicted with any of the above ills of the body, the "Bitters" are offered as a speedy and certain cure. Try them and form your own opinion.—Sold by Druggists and dealers everywhere.

FRY'S HOTEL,

ARLINGTON FARM,
NORTH SAANICH.

HENRY FRY BEGS TO INFORM the citizens of Victoria and the traveling public generally that he has leased those extensive and commodious premises lately erected by Charles Street, Esq, and intends opening the same as a

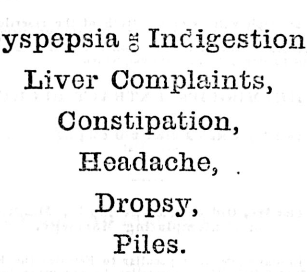
First-Class Country Hotel!

The house is beautifully situated, eighteen miles from Victoria, in the centre of the finest agricultural and sporting country on the Island. Two daily stages stop at the place, affording every facility for regular and rapid communication with Victoria and Cowichan, to which latter place a Ferry is about being established direct from the house.

Special attention and assistance will be given to the Sportsman seeking amusement and recreation; whilst the busy Merchants of Victoria will find this a delightful retreat for themselves and families from the cares and anxieties of money making. The "Honest Miner," too, who wishes to escape the snares, attractions and extravagance of city life, will here meet with an agreeable change, for H. Fry pledges himself to make this a really Comfortable House for all.

A Liberal Table will be kept, and the Bar supplied with the Choicest Liquors. Extensive stabling and good feed for horses.

☞ The Hotel will be opened in a few days, of which due notice will be given. se22 1m



THE GREAT CURE
For all the diseases of the
LIVER, STOMACH & BOWELS!
Put up in Glass Phials, and warranted to
KEEP IN ANY CLIMATE.

These Pills are prepared expressly to operate in harmony with the greatest of blood purifiers, BRISTOL'S SARSAPARILLA, in all cases arising from depraved humors or impure blood. The most hopeless sufferers need not despair. Under the influence of these two GREAT REMEDIES, maladies that have heretofore been considered utterly incurable, disappear quickly and permanently. In the following diseases these Pills are the safest, the quickest, and the best remedy ever prepared, and should be at once resorted to.

Dyspepsia & Indigestion,
Liver Complaints,
Constipation,
Headache,
Dropsy,
Piles.

For many years these PILLS have been used in daily practice, always with the best results, and it is with the greatest confidence they are recommended to the afflicted. They are composed of the most costly, purest, and best Vegetable Extracts and Balsams, such as are but seldom used in ordinary medicines, on account of their great cost, and the combination of rare medicinal properties is such that in long standing and difficult diseases, where other medicines have completely failed, these extraordinary Pills have effected speedy and thorough cures.

Only 25 Cts. per Phial.

THE ATTENTION OF SHIPPERS and passengers is particularly directed to the superior facilities the Royal Mail Steam Packet Company's Line affords for the speedy conveyance of Treasure, Goods and Passengers to and from England to British Columbia and Vancouver Island, in connection with the **Pacific Mail Steamship Company's Vessels and the Panama Railroad.**

The superiority of the accommodation and entertainment on board the Royal Mail Steamers, together with the time occupied on the passage between England and Aspinwall **direct** being so much shorter than by any other route, and the moderate rate of passage money, render this Company's steamers the CHEAPEST AND MOST EXPEDITIOUS MEANS OF TRANSIT, for passengers or for the forwarding of Goods and Treasure from Aspinwall to Europe.

Under an arrangement with the PACIFIC MAIL STEAMSHIP CO., Specie and Bullion can be conveyed to London and Havre in France

Further information on the subject of Freigh and Passage Money will be furnished by the under signed.

HELMBOLD'S

Genuine Preparation

HIGHLY CONCENTRATED

Compound Fluid Extract

BUCHU!

A Positive and Specific Remedy

FOR DISEASES OF THE

BLADDER, KIDNEYS, GRAVEL,

—AND—

Dropsical Swellings.

THIS MEDICINE INCREASES THE POWER of Digestion, and excites the ABSORBENTS into healthy action, by which the WATERY OR CALCAREOUS depositions, and all UNNATURAL ENLARGEMENTS are reduced, as well as PAIN AND INFLAMMATION, and is good for

MEN WOMEN, AND CHILDREN

HELMBOLD'S EXTRACT BUCHU,

FOR WEAKNESS

Arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuses, attended with the following Symptoms:

Indisposition to exertion, Loss of Memory, Weak Nerves, Horror of Disease, Dimness of Vision, Universal Lassitude of the Muscular System, Hot Hands, Dryness of the Skin, Loss of Power, Difficulty of Breathing, Trembling, Wakefulness, Pain in the Back, Flushing of the Body, Eruptions on the Face, Pallid Countenance

These symptoms, if allowed to go on, which this Medicine invariably removes, are followed by

Impotence, Fatuity, Epileptic Fits,

In one of which the patient may expire. Who can say that they are not frequently followed by those "DIREFUL DISEASES,"

"INSANITY AND CONSUMPTION."

Many are aware of the cause of their suffering, but none will confess.

The Records of the Insane Asylums, and the Melancholy Deaths by Consumption,

Bear ample witness of the truth of the assertion The CONSTITUTION ONCE AFFECTED WITH ORGANIC WEAKNESS requires the aid of medicine to strengthen the system, which

HELMBOLD'S EXTRACT BUCHU

Invariably does. A trial will convince the most skeptical.

Females, Old or Young, Single, Married, or Contemplating Marriage.

In many affections peculiar to Females, the EXTRACT BUCHU is unequalled by any other Remedy, as in Chlorosis or Retention, Irregularity, Painfulness or Suppression of Customary Evacuations, Ulcerated or Schirious State of the Uterus, Lucorrhœa or Whites, Sterility, and for all complaints incidental to the sex, whether arising from indiscretion, habits of dissipation, or in the decline or change of life as the symptoms above

NO FAMILY SHOULD BE WITHOUT IT.

Use Helmbold's Extract Buchu

For all affections and diseases of the URINARY ORGANS, whether existing in MALE or FEMALE, from whatever cause originating, and no matter of how LONG STANDING. Diseases of these organs require the aid of a DIURETIC.

HELMBOLD'S EXTRACT BUCHU

Is the great Diuretic, and it is certain to have the desired effect in diseases for which it is recommended. Evidence of the most responsible and reliable character will accompany the medicines.

CERTIFICATES of CURES

From eight to twenty years standing, with names known to Science and Fame.

HELMBOLD'S EXTRACT BUCHU

CURES

Secret Diseases

In their last stages; little or no change in diet; at little expense; no inconvenience, and no exposure. It causes a frequent desire and gives strength to urinate, thereby removing obstructions preventing and curing Strictures of the Urethra, allaying pain and inflammation, so frequent in the class of diseases, and expelling all poisons, diseased and worn out matter. Thousands upon thousands who have been the victims of quacks, and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "poison" has, by the use of "powerful astringents," been dried up in the system, to break out in an aggravated form, and PERHAPS AFTER MARRIAGE.

CERTIFICATES FROM PHYSICIANS

BOSTON, July 17, 1860

MR. HELMBOLD—DEAR SIR:—I have used your Extract Buchu in diseases of the bladder and kidneys with the most happy results, and I feel assured I never used an article of medicine that produced a more sure and certain relief for the complaints for which it is recommended.
JACKSON F. STEWART, M. D.

CINCINNATI, Oct. 21, 1860.

MR. HELMBOLD—DEAR SIR:—I have used your Extract Buchu in diseases of the bladder, kidneys gravel and dropsy in my practice, and have witnessed such signal results arising from its use, that I have no hesitation in adding my testimony to the recommendations already given in favor of it.
Very respectfully,
D. WEBSTER HAINES, M. D.

PITTSBURG, May 14th, 1863.

MR. HELMBOLD—DEAR SIR—aving used your medicines for some years in my pract ce, I can confidently recommend them to be all that you claim for them in dropsy, gravel, and diseases of the bladder and kidneys.
Truly yours. W. F. CLINTON, M. D.

BALTIMORE, April 13, 1857.

MR. HELMBOLD—DEAR SIR:—I am a physician of twenty-five years standing. I have prescribed your Extract Buchu in the various affections of the bladder and kidneys, and they have in all cases given the utmost satisfaction. I confidently recommend them to the profession as invaluable medicines, paramount to all others as a safe and speedy remedy in all cases of sickness for which it is recommended.
Very respectfully yours,
ROBT. F. GREEN, M. D.

MEDICAL.

THE WORLD'S FRIEND!

Holloway's Ointment.

A Cure for Piles and Fistulas.

Inflammation of sensitive parts, piles, fistulas, and such like painful diseases may be presently relieved and ultimately cured, by the proper and diligent us of this cooling and healing Ointment, whose actio should, in such cases, be assisted by judicious dose of Pills: ere many days have elapsed the anxious patient will experience a wonderful degree of ease from this treatment. They are equally suitable to both sexes, and all ages.

Coughs, Colds, and Asthma.

These complaints of the chest come on with alarming frequency. The Ointment should assiduously be rubbed at least twice a day on the chest and between the shoulders, when the violence of all symptoms wil gradually give way, the breathing become longer, and the oppression less. No medicines are more efficient in chest complaints, none can be used with equal safety and certainty. Both Pills and Ointment are accompanied by very clear and simple directions for using them.

A Man who refused to have his Leg off,

"From the Kilrush Advertiser, June 2nd, 1860.

BENJAMIN COX, Esquire, Magistrate, said in the Board Room at Kilrush, that he knew a man who had been in the Infirmary and was actually turned out as incurable, on his way home to Kilrush, he purchased at Ennis, Holloway's Pills and Ointment, for, as he said, it could not be worse with him. This man, said Mr. Cox, became by their use as sound and as healthy as any man in the room. These celebrated Pills and Ointment will cure any wound, sore, or ulcer, however long standing, properly used according to the printed directions.

Gout and Rheumatism.

The essence of these diseases lie in the blood, which has, floating through each vessel, the pain-giving poison, which irritates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty diseases. The philosophy of cure consists in overcoming this depravity in the blood, which is rapidly purified by the use of the Pills The Ointment, when rubbed upon the skin, penetrates system through the pores, acts in unison with Pills, and soon effects a cure.

Dropsy, Swollen Legs or Ankles.

The various kinds of dropsies, whether windy or watery, arise from some obstruction to the free circulation through the blood vessels or lymphatics, or depend on the inflamed state of some secreting surface Holloway's remedies, of which the efficacy cannot be exaggerated, act directly upon the blood, the absorbents and secretions, with a power that no dropsy, however inveterate, can long resist. They regulate the proper flow of blood to every organ, and purify it likewise,—they filter out everything that is morbid or injurious,—they thoroughly regenerate every function, yet potent as they are for good, they are powerless for evil. They do not contain mercury or any noxious substances. They act safely and certainly.

Bad Legs, Bad Breasts, and Old Ulcers

This invaluable Ointment was never known to fail in the cure of any wound, any sore, or any ulcer,—as can be proved by innumerable testimonials from persons who had been discharged from Hospitals as incurable, and yet by perseverance they have been made as sound as they were the day they were born, by this incomparable Ointment. For pimples, blotches, scald heads, and scorbutic humours, it is equally efficacious.

Both the Ointment and Pills should be used in the following cases:

Bad Legs
Bad Breasts
Burns
Bunions
Bite of Mosquitoes and Sand-Flies
Coco-bay
Scalds
Chiego-foot
Chilblains
Chapped Hands
Corns (Soft)
Cancers
Contracted and Stiff Joints
Elephantiasis
Fistulas
Gout
Glandular Swellings
Lumbago
Piles
Rheumatism
Sore-throats
Skin-diseases
Scurvy
Sore-heads
Tumours
Ulcers
Wounds
Yaws
Sore Nipple
